## THE BRAVE LIFE SAVERS.

A BILL TO PENSION THEM TO COME  
BEFORE CONGRESS.

Congressmen Bliss, Buchanan and Cox  
Working Hard to Secure Its Passage.  
General Sheridan's Will Probed in  
Washington—Other Washington News.

WASHINGTON, Aug. 15.—Congressman  
Bliss, chairman of the committee on pensions  
of the house, will next week report a bill to  
extend the pension laws to the life saving  
service.

While the committee was not unanimous  
in support of the bill there was no factious  
opposition and it is not likely that any will  
be developed when the subject comes up for  
debate on the floor of the house. Mr. Bliss  
says that he does not think that the bill will  
pass at this session, but he does think that it  
will go through before the close of the pres-  
ent congress. The opposition will doubtless  
come from those members who see in legisla-  
tion of this character a bugaboo of civil  
pensions.

There are a great many members of the  
house who are so extremely narrow  
between the eyes that they are abso-  
lutely unable to see any reason why men  
men who risk their lives to save others  
should be on the same footing, so far as the  
bounty of the government is concerned, with  
that other class of servants of the  
nation who risk their lives in destroying  
others when danger threatens. The present  
bill was introduced by Mr. Buchanan, of  
New Jersey.

It has been strenuously urged by Sun-  
set Cox and Mr. Bliss has been persistent in  
pressing upon members of his committee the  
importance of attending the meetings in  
order that the subject might receive the at-  
tention it deserves. When the bill becomes  
a law, as it will certainly some day, these  
three gentlemen will be entitled to more  
credit for its enactment than any others in  
the house.

### Sheridan's Will.

WASHINGTON, Aug. 15.—The petition  
of those named by Gen. Sheridan to administer  
on his estate was filed Monday. It sets forth  
that he leaves surviving him his widow and  
as heirs and next of kin the following minor  
children: Mary, Irene, Louise and Philip  
Henry Sheridan, aged respectively twelve,  
eleven, eleven and seven.

His personal estate consisted of money,  
\$2,721; stocks, etc., \$8,000; pictures, swords  
and relics, \$5,000; furniture, \$3,000; horses  
and carriage, \$600, all of which is in the  
District of Columbia. The furniture in the  
house at Nonquitt is not worth more than  
\$500. The petition concludes by asking for  
letters.

Michael V. Sheridan made affidavit that  
he is well acquainted with the affairs of the  
deceased, and that to the best of his informa-  
tion and belief his indebtedness did not ex-  
ceed \$1,300, due on account of the purchase  
of his house at Nonquitt.

Letters testamentary were ordered to issue  
by Judge Merrick, and the executors qual-  
ified, giving bond in the sum of \$2,500.

### "It Will Be a Bill As Is a Bill."

WASHINGTON, Aug. 15.—Senator Jones, of  
Nevada, said Monday it would probably be  
two or three weeks before the senate tariff  
bill would be ready to be submitted to the  
full committee on financial. "But then,"  
said the senator, "it will be a bill as is a  
bill."

As to the opinion expressed by some that  
as soon as the senate bill got on the calendar,  
or shortly thereafter, the subject will be  
postponed till next session and congress ad-  
journ, Senator Jones does not believe any-  
thing of the kind will happen.

He has no doubt the bill be debated at  
length and pushed to a final vote. When  
congress will adjourn he is unable to say.  
But he is of the opinion that the Republicans  
can conduct their campaign from Washing-  
ton as well as by stumping all over the country.

### The Choctaw Claims Case.

WASHINGTON, Aug. 15.—In the Choctaw  
claims case Monday counsel for Mr. McKee  
asked an extension of time for filing an ap-  
peal bond of \$150,000. He said that Mr. Mc-  
Kee was away from the city on necessary  
business and would not return until Septem-  
ber, and that his address was not known.  
The court denied the motion for an extension.  
Mr. McKee, it will be remembered, was or-  
dered to pay \$138,500 into court, but when  
the officers of the court looked for him after  
the decision was rendered he had disap-  
peared.

### President Cleveland's Duty.

WASHINGTON, Aug. 15.—"The only two  
generals before Sheridan who died in com-  
mand of United States army," says Repre-  
sentative Wheeler, "were Washington, who  
had come out of his retirement and accepted  
command a second time, and Gen. Brown,  
who died in 1828. Sheridan is the third gen-  
eral whose death occurred when commander  
of the army. It has been the duty of the  
president of the United States to announce  
it to congress."

### Schofield Placed in Command.

WASHINGTON, Aug. 15.—The president has  
issued an order assigning Maj. Gen. Schofield  
to the command of the army of the United  
States.

### From Church to Jail.

SOMERSET, Ky., Aug. 15.—Last Sunday  
as Andy and Alexander Hamilton were seated in  
church at Cumberland Falls, Officers L. M.  
Vestal and Henry and Van Warman ap-  
proached and arrested Andy on a warrant  
sworn out by Miss Ida Warman for seduc-  
tion. On their way to the jail they were at-  
tacked by a crowd of rescuers headed by  
Alexander Hamilton. Shots were exchanged,  
both of the Warman boys were killed and  
Constable Vesta, and Andy Hamilton was  
seriously wounded. Much trouble is ex-  
pected.

HOPKINSVILLE, Ky., Aug. 15.—At Her-  
don, on the county line, Charley Fleming, a  
notorious desperado, was stabbed to death  
this morning by W. S. Duncan, a young  
farmer. Duncan was at the house of Flem-  
ing's divorced wife making arrangements to  
board his child when Fleming came in and  
attacked him.

## A HUGE DYNAMITE BOMB

Found by an Officer on the Burlington  
Tracks in Chicago.

CHICAGO, Aug. 15.—What the police think  
was an attempt at the wholesale destruction  
of property on the Burlington road was dis-  
covered this morning.

While traveling his beat Officer Jewett's  
attention was attracted to an object on the  
Chicago, Burlington & Quincy tracks at Six-  
teenth street near the viaduct. On picking  
it up he found that it was a regular gaspipe  
bomb containing enough dynamite to blow  
up an entire train. The bomb was six inches  
long and one and a half inches in diameter,  
one of the largest size made by the An-  
archists.

The deadly missile was taken to the  
Twelfth-street station, where it was exam-  
ined by Capt. O'Donnell, who ordered it sent  
to police headquarters in the city hall. The  
police have no clue as to who placed the  
bomb upon the track, but are inclined to  
suspect some of the Burlington strikers or  
their sympathizers. The dynamite was  
almost under the viaduct, and if exploded it  
would have resulted in a heavy loss of prop-  
erty if not in the destruction of life.

## A MURDER AND LYNCHING.

All Caused by a Mississippi Negro Want-  
ing All the Sidewalk.

JACKSON, Miss., Aug. 15.—A fatal shoot-  
ing affray, closely followed by a lynching,  
is reported from Utica, Miss., thirty-five  
miles west of here.

On Sunday evening E. B. Robertson, a  
young white man, was conducting a young  
lady to church. They were met on the side-  
walk by Bob Brown, colored, with several  
colored girls. Brown refused to yield any  
portion of the sidewalk and rudely pushed  
Robertson to one side. The latter told the  
negro that he would see him again. After  
church Robertson was standing in front of  
a store explaining the occurrence to several  
friends, when Brown, with four companions,  
came up and commenced firing upon the  
white men, who were unarmed.

Dr. L. W. Holliday, a prominent physician,  
was instantly killed, Armand White was  
seriously injured in the thigh, and Frank  
Wallace in the arm. Robertson grappled  
with Brown and held him until assistance  
arrived and he was taken to jail. At 4 p. m.  
Monday a mob took Brown from the jail and  
hanged him to a tree. Strong efforts are  
being made to capture the two other negroes  
who took part in the shooting.

## WITH NATURAL GAS.

A Hoosier Aeronaut Inflates a Balloon and  
Sails Away in Space.

ANDERSON, Ind., Aug. 15.—The first bal-  
loon inflated with natural gas to arise was  
sent up from Riverside park, near this city,  
at 5 o'clock Monday afternoon. The balloon  
is well known as the "When," is new, made  
of heavy silk, and is one hundred feet in  
height and sixty-five feet in circumference  
when inflated. It has long been a question  
as to whether or not natural gas would float  
a balloon to any considerable height. This  
one was filled from a pipe from the McCul-  
lough well until a gauge indicated the silk,  
which was inclosed in strong netting, was  
bearing twenty pounds pressure, when  
George Ayres, an amateur aeronaut, climbed  
into the basket, and the "When" was cut  
loose. She rose steadily until an altitude of  
about twenty-five hundred feet was reached,  
when a current of air was struck which  
bore the balloon and its single passenger  
away to the southeast, since which nothing  
has been heard from them.

## Trouble Over the Half-Holiday.

NEW YORK, Aug. 15.—These will prob-  
ably be trouble in Duke's cigarette factory,  
Thirty-sixth street and Second avenue, on  
account of a reduction in wages resulting  
from the Saturday half-holiday. The girls  
employed in the manufacture of cigarettes,  
to the number of 400, are members of the  
Excelsior Labor club, Knights of Labor.  
Some time ago they made complaint that  
their wages had been cut from \$6 to \$5.50 a  
week, and that their working hours had been  
increased by two and a half a week. They  
also complained that where formerly they  
had a helper at the machines, they now have  
to do the whole work themselves. A com-  
mittee from the Central Labor union called  
on the superintendent, but as can be learned  
the interview was unsatisfactory. In case  
of their not being a settlement a big strike is  
imminent.

## Shot His Daughter by Mistake.

STERLING, Neb., Aug. 15.—Saturday night  
Lettie Walker, the seven-year-old daughter  
of H. N. Walker, was shot by her father,  
who mistook her for a burglar. The girl had  
gone out of the house while her parents were  
asleep, and on returning the opening of the  
door, which was swollen by rain, awoke her  
father, who had recently been bothered by  
tramps. Seeing a figure in the darkness, and  
receiving no reply, fired, the ball striking the  
girl in the left breast and lodging under the  
shoulder blade. The ball has been extracted  
and chances for recovery are good.

## Three More of the Hatfields Killed.

CATLETTSBURG, Ky., Aug. 15.—The Hat-  
fields and McCoy's are up to their old Pike  
county tricks again. Frank Phillips, the  
sheriff, was out collecting witnesses, and  
when in the neighborhood of Peter, was at-  
tacked by three men. He repulsed them,  
and later heard a skirmish between the Hat-  
fields and McCoy's. Upon investigation it  
was found that the bloodthirsty gang had  
temporarily satisfied their thirst for blood  
by killing three Hatfields and wounding  
three McCoy's. The trial of the nine now in  
the Pikeville jail comes off this week.

## The Logan Mortuary Chapel.

NEW YORK, Aug. 15.—The Herald's  
Washington correspondent says: Mrs. Logan  
has been greatly annoyed by the circula-  
tion of the report that the mortuary  
chapel which is being erected for the tem-  
porary keeping of Gen. Logan's remains was  
to cost \$50,000. Mrs. Logan writes from  
Youngstown that the correct figures are  
about \$6,000.

## The Petroleum Got There.

CHICAGO, Aug. 15.—The stream of crude  
petroleum which was started from Lima, O.,  
three weeks ago to fill the two great tanks at  
South Chicago, began pouring into the re-  
servoirs shortly after midnight this morning.  
The oil is now flowing at the rate of 8,000  
barrels or 320,000 gallons a day. Each tank  
has a capacity of 25,000 barrels.

## WORK OF THE FIRE FIEND.

CONVENT OF THE SACRED HEART,  
IN NEW YORK, BURNED.

Its Position on a High Hill Handicaps the  
Work of the Firemen—Loss \$400,000—No  
Lives Lost—Fires at Peoria, Illinois;  
Stanton, Iowa, and Elsewhere.

NEW YORK, Aug. 15.—The greater por-  
tion of the immense building known as the  
Convent of the Sacred Heart is in ruins. The  
fire broke out at 8 o'clock Monday night and  
swept everything before it. The total loss  
cannot fall short of \$400,000, and the prop-  
erty was insured for \$300,000. The cause of  
the heavy loss was due, not to any neglect of  
the fire department, but to the fact that  
water could not be obtained. The nearest  
hydrant was two blocks away, down a steep  
hill.

The buildings were on a high knoll and  
considerable time elapsed before hose could  
be laid. Even then the requisite force could  
not be obtained. In the meantime the main  
building had become a seething furnace.  
The building occupied land two blocks long  
and one in depth. The elder one was erected  
in 1842 and contained lecture rooms, the  
chapel and dormitories, the parish school,  
a free school, music hall—all were destroyed,  
including forty pianos and the valuable  
library. Thousands of dollars worth of  
vestments were burned.

Mother Duffy, the treasurer, was too  
much excited to give any account of the or-  
igin of the fire. All the inmates of the build-  
ing are safe, so far as known. They were  
cared for at Manhattan college.

By 2 o'clock in the morning all the walls  
had fallen in except the chapel, and that  
went down soon after. It is said that the  
convent will not be again erected in the same  
place, but further up town.

## Two Children Burned to Death.

SUMMIT, N. J., Aug. 15.—At 7 o'clock  
a. m. one of the camp cottages at Mount  
Labor, Denville, N. J., burned to the ground  
and two children were burned to death.  
The cottage belonged to the Rev. McCuskie,  
a Baptist minister of Newark, N. J., who  
with his wife and five children were occupy-  
ing the cottage during the camping season.  
A servant started the fire with kerosene,  
which exploded and almost immediately the  
house was in flames.

Mr. McCuskie was away from home at the  
time, and Mrs. McCuskie, with her children,  
were in bed asleep. The servant gave the  
alarm, and Mrs. McCuskie sprang out of  
bed and attempted to rescue her children.  
They were all asleep, and she was forced to  
carry them out one by one. She succeeded  
in getting three of them out, but in doing so  
she almost lost her own life. She was badly  
burned, but still she tried to get the other  
two out.

She was powerless, however, as the flames  
drove her back, the two little ones, aged four  
and two years respectively, perished in the  
fire. The neighbors could do nothing but  
help get things out of the house, as there was  
no means of extinguishing the flames. Mrs.  
McCuskie is almost crazed with grief and a  
gloom has fallen over the entire camp.

## A \$150,000 Blaze at Peoria, Illinois.

PEORIA, Ill., Aug. 15.—Shortly before 1  
o'clock Monday night fire was discovered in  
the four-story brick block on South Wash-  
ington street, occupied by Martin & Co., as  
an agricultural implement warehouse. A  
general alarm was sent in. The fire was on  
the third floor and made rapid headway.  
Efforts were made to save the four-story  
block adjoining it, owned and occupied by  
Kingman & Co., but this proved of no avail,  
both of the buildings being in ruins at 3  
o'clock, when the fire was under control.  
Nothing was saved of either block. The  
buildings each cost \$25,000 and the total loss  
is \$150,000 with an insurance of about  
\$125,000. The origin of the fire is unknown.

## At La Salle, Illinois.

LA SALLE, Ill., Aug. 15.—Fire in the drug  
and notion store of J. E. Malone, in this  
city, Monday morning, destroyed property  
to the amount of \$15,000. Malone's loss is  
\$11,000, with \$5,000 insurance. The build-  
ing was damaged to the extent of \$2,000,  
fully insured. The Misses Cady, milliners,  
on the second floor, and Gulman Brothers,  
clothing, adjoining, sustained losses of  
about \$1,000 each, principally from water  
and smoke. Both firms were insured. The  
fire originated from the upsetting of a  
lamp.

## At Stanton, Iowa.

DES MOINES, Iowa, Aug. 15.—Fire Mon-  
day at Stanton, Montgomery county, de-  
stroyed a large part of the business portion  
of the town. The principal losers are C.  
W. Swanson & Company, general stock of  
merchandise. Loss on building and goods,  
\$30,000; insurance \$6,000. Walling Brothers,  
grocers, \$3,000, insured \$2,500, and L.  
Loofstead, saddlery, \$1,000. The postoffice  
mails and office fixtures were burned.

## At Mitchell, Dakota.

MITCHELL, Dak., Aug. 15.—The extensive  
pork packing house of Joseph Roster, for-  
merly doing business on State street, Chi-  
cago, was entirely consumed by fire Monday.  
The loss on building was \$11,000, and on  
stock between \$2,000 and \$3,000. The in-  
surance amounts to \$2,300.

## Fatal Result of Carelessness.

VAN WERT, O., Aug. 15.—Robert McIn-  
toch, a prominent citizen of this place, was  
killed in front of the passenger station of the  
Port Wayne road. He absent-mindedly  
walked on the track while the local freight  
train was switching some cars, and was run  
over by one. It stopped on his body, and  
had to be raised by jacks, which took nearly  
twenty minutes. Both legs and one arm  
were crushed, and he was injured internally.  
He lived two hours. He leaves a wife and  
family, and was sixty-five years of age.

## Tribute to Congressman Scott.

SHARON, Penn., Aug. 15.—A few weeks  
ago the cornerstone of the Presbyterian  
church at Pulasky was laid. Among other  
things which it contained was Hon. W. L.  
Scott's speech on the Mills bill. A letter has  
been received acknowledging the compli-  
ment and promising on his return home to  
send a contribution to the building fund.

## AMERICAN BICYCLISTS
